Basra,Iraq

Full-stack developer specializing in building scalable web applications and ordering systems using modern backend and frontend technologies. Experienced with FastAPI, NestJS, React, and relational databases.

PROJECTS

Repairly - Repair Shop Management System

<https://repairly-suite.netlify.app>

Developed a full-stack repair shop management system using FastAPI, PostgreSQL, and React. The system supports repair order tracking, inventory management, invoices, partial payments, and reporting dashboards.

Kamel Travel - Travel Booking Website

<https://kamel-travel.com>

Responsive travel website built with React for showcasing tourism services and destinations with dynamic content.

Tech Stack: React, JavaScript, Responsive UI

EXPERIENCE

Software Team Member in Basra, Iraq | 2023-2025

- Developed and maintained online ordering web applications using React and NestJS.
- Developed responsive user interfaces using React.
- Implemented RESTful APIs and backend logic with NestJS.
- Designed relational database structures using MySQL and integrated them with backend services.

FastAPI Developer (Freelancer)| 2025 - Present

- Developing backend APIs and web services using FastAPI (Python).
- Designing RESTful APIs for web applications and integrating them with frontend systems.
- Working with relational databases such as PostgreSQL / MySQL.
- Implementing authentication, data validation, and business logic for scalable applications.

IT Support Technician — Mobile Repair Shop Basra 2017 - 2022

- Provided technical support for smartphones and computer systems.
 - Installed and configured software, operating systems, and applications.
 - Diagnosed and repaired hardware and software issues for customers.
 - Assisted users with troubleshooting technical problems and system maintenance.
-

SKILLS

Languages:

- Java
- Python
- C++
- JavaScript

Framework:

- FastAPI
- NestJS
- JavaFX

Databases:

- PostgreSQL
- MySQL

Others:

- Algorithms and Data Structure
 - Git and GitHub
 - REST APIs
 - Linux-Fedora
 - Communication skills
 - Organization and Time Management
 - Problems-solving
-

ACHIEVEMENTS

Solved over 225 problems on LeetCode, demonstrating strong problem-solving skills and proficiency in algorithms and data structures (using Java).

Winner of the Ramadan Programming Challenge, held by Engineer Murtadha Al-Tamimi, a Meta (Facebook) engineer, showcasing my competitive programming abilities and technical expertise.

EDUCATION

Bachelor of Computer Science | University of Basra 2019 - 2023

- Relevant coursework: Programming, Algorithms, Database Management, Data Analysis and Simulation.
 - Specialization: Programmer and Data Analyst
-

CERTIFICATES

Alison:

- [Data Analysis in Microsoft Excel Course](#)

Great Learning Academy:

- [MySQL Tutorial](#)
- [Java Language](#)

IntelliPaat Academy:

- [Python Language](#)

TutorialsPoint:

- [JavaScript](#) and [Node.JS](#)
-
